Jacksonville, AL 36265

OBJECTIVE

Dedicated Building Science student seeking a full-time position in the construction industry to serve and support project teams, contribute to successful outcomes, and grow as a dependable construction professional.

EDUCATION

Auburn University | The McWhorter School of Building Science

Bachelor of Science in Building Construction

Major GPA: 4.0/4.0 | Expected Graduation: May 2027

EXPERIENCE

Michael Allen Homes | *Project Management Intern and Laborer*

Auburn, AL | May 2026 – present

- Coordinate trade contractors and project activities on a one-of-a-kind luxury custom home to maintain schedules and project efficiency.
- Participate in jobsite walkthroughs with owners, architects, trade contractors, and project teams to coordinate needs and support high-quality outcomes.
- Assist with commercial construction bids through subcontractor communication, bid leveling, and quantity takeoffs to support accurate estimates.

Pine Cove City Camps | *Male Camp Counselor*

Toccoa, GA | May 2025 – June 2025

- Fostered a positive, high-energy environment for an exceptional camper experience
- Supported fellow counselors to maintain a positive, team-oriented environment

ACTIVITIES

All Christ Church Community Group | *Member*

Auburn, AL | August 2024 - present

- Engage in weekly Bible study discussions while building strong relationships through consistent engagement, communication, and encouragement.
